AXIS 1

Lesson (1-2)

Question 1: Put (√) in front of the correct sentence and (X) in front of the wrong one.

1) The magnetometer is used to determine directions via satellites (**X**)

2) The earths penetrating radar is used to detect underground minerals (**X**)

3) GPS is used to find places you might need to visit (**√**)

4) Archaeologists use ground penetrating radar to find objects above

   the ground (**X**)

5) Global positioning system (GPS) connects to satellites determine location (**√**)

6) Satellites appeared in the are of the mechanical revolution (**X**)

7) The pascaline is an example of technology from the pre-Mechanical (**X**)

8) Electricity was first used during the Electro-Mechanical Age (**√**)

Question 2: Choose the correct answer

1- ……………..…is used as a means of communication in modern times.
a-**E-mail**   b- Pencils   c- Pens

2- The era of the electronic revolution was characterized by the existence of ……
a-**laptop**   b- printer   c- hierographic symbols

3- The timeline of technological evolution is …………………………
a- Word, Pen, Typewriter
b- Typewriter, Pen, Word.
c-**Pen, Typewriter, Word.**

Lesson (3-4)

Question 1: Put (√) in front of the correct sentence and (X) in front of the wrong one.

1) Input devices in computer work on processing data   (**X**)

2) CPU is type of software   (**X**)

3) Information is the final result we get after processing the data.   (√)

4) Data entry is the last stage of access to final information   (**X**)

5) Output devices help in processing data   (**X**)

6) You can see what you're doing in your device by looking at the

Display screen   (√)

7) Scanner is used to print images from your computer on paper.   (**X**)

8) The operating system is not necessary to deal with the computer.   (**X**)

9) A keyboard is a device used to output data.   (**X**)

10)   We use scanners to transfer text and images from paper to

Our computers   (√)

11) The Central Processing Unit (CPU) is a type of software   (**X**)

Question 2: Choose the correct answer

1) The component responsible for entering the data for the computer is the ………
   a- **keyboard**   b- CPU   c- printer

2) The camera and microphone are used in……………….

a- published articles   b- text messages   c- **video calls**

3) ……………… is used to copy paper inside the computer.

    a- Display screen   b- **Scanner**   c- Speech installer

4) One of the devices that word processing software needs to write on your computer is …………..

    a- **keyboard**   b- the printer   c-speakers

5) ……………. enables you to take the audio clips out of the computer.

    a-The mouse   b- **The speaker**   c- The screen zoom software

6) One of the attached devices that you use during video calls is the ………

    a-printer   b- scanner   c- **camera**

7) Information is considered the processing product of ……………..

    a- **data**   b- digital blogs   c- e-mail

8) The …………….. Is responsible for processing data.

    a- printer   b- screen   c- **CPU**

Lesson (5 – 6)

Question 1: Put (√) in front of the correct sentence and (X) in front of the wrong one.

1) Screen zoom software helps people with visual difficulties.   (√   )

2) Assistive technology is a technology that helps people of determination

    go about their daily lives.   (√   )

3) Removing Word program from your device helps solve most

    Problems   (X   )

4) If you can't find a file, you should restart your computer   (X   )

Question 2: Choose the correct answer from a,b or c

1) Screen zoom software is used to help people who suffer from ……..

        a- hearing impairment   b- visual impairment   c- limb loss

2) …………….. is a device that allows non-speakers to speak.

          a- Scanner   b- Printer   c- Speech Synthesizer

3)   …………. is a device that helps people with hearing impairment.

          a- Speakers   b- Printer   c- Medical hearing aids

4)   ……....Screen magnification software enables …………….

   a- Showing Information

   b- Hearing the information

   c- Printing papers

5)   ………Helps people of determination (of a missing limb) to practice their daily life

     A-   **Prosthetic leg.**   b- Keyboard   c- Camera

6)   It is preferable to …………. after repairing or reinstalling the mouse to the device.

a-connect the power charger to the device

b- Check electrical connections

c- **Restart the device**

7) When there's a problem opening one of the Apps on your computer, you might need to …………….

a-**restart your device**   b- replace the mouse   c- replace the keyboard

8) You want to find a file in your pc, you should ……………

a- Restart the device.   b- Press on Del+Alt+Ctrl   c- **Use the Search Box**

Lesson (7-8)

Question 1: Put (√) in front of the correct sentence and (X) in front of the wrong one.

1) Books and magazines are sources of data collection   (√)

2) You can collect data from many different sources   (√)
